

Cut out your star to decorate and write the name of your special person who you are walking in memory of

You can use pens, crayons, glitter, paints, stickers, sequins - whatever you like!

Once your star is decorated, attach a piece of string so you can wear your star like a necklace when you are walking, or attach a safety pin to it and wear it like a badge.

After you've completed your Moon & Stars Memories Walk you can hang the star up at home.
